## About Women Build

All are invited to join Women Build which runs from August through the end of the year. Women Build is open to all seeking to empower individuals of all ages, zip codes, backgrounds, industries, and skill levels to promote positive, women-led impact. We tap into the power of community by offering women the opportunity to leverage their strengths, skills, and resources to address the growing housing crisis. Involvement ranges from fundraising to construction. No experience necessary.

## Sponsoring a Build

Sponsoring a day on our Women Build is an easy way to engage with employees, boost company morale, and build corporate social responsibility.

Sponsoring leaders work directly with Habitat staff to customize the build experience. This project is inclusive to all skills and abilities, with a Habitat crew leader to guide the team throughout the process. Sign-up by scanning the QR code below or at [mvhabitat.org/womenbuild](https://mvhabitat.org/womenbuild) and our Corporate Engagement Manager will contact you to schedule a day on the build.
